Campaign: Mamaearth Rice Face Wash (Fitness Performance Concept)

Execution Draft for Instagram Reels & Stories

1. Creative Strategy Overview

- **The Angle:** From Gym Sweat to Glass Skin Glow.
- **The Hook:** Challenging the myth of the "Post-Gym Glow", explaining that without the right cleanse, sweat just leads to dullness and breakouts.
- **The Payoff:** Visible, hydrated radiance (20x hydration) shown in raw, natural light.
- **The CTA:** Unlock your glow, Comment down to get the link.

2. The High-Performance Reel Script (30 Seconds)

Time	Visual Scene	Audio/Voiceover (Mic in Hand)	On-Screen Text (Supers)
0-5s	**The Hook:** Sweaty face, gym gear, close-up. Creator is breathless. Looking directly at the camera.	"Stop confusing gym sweat with a gym glow. If you don't wash that sweat off properly, your skin is going to look dull and broken out by tomorrow."	**That is NOT glow.** **That is just sweat.**
5-10s	**Transition:** Mirror shot in washroom. Splashing water or wiping sweat.	"The secret to actual post-workout glass skin isn't the sweat—it is how you hydrate your skin after the session."	**Real Glow vs. Sweat**
10-17s	**The Reveal:** Fast cuts of the product bottle and the creamy rice water texture.	"I use the Mamaearth Rice Face Wash. It is India's Number 1 for a reason. It uses Rice Water for 20x hydration and Niacinamide to give you that even, glass-	**India's No.1 Rice Face Wash** **20x Hydration for Glass Skin**

		skin finish."	
17-23s	**The Glow Payoff:** Standing by a window. Skin is dried and glowing in **Natural Light**.	"Look at the payoff. No filter, no makeup. Just clean, hydrated, glass skin. It is Made Safe certified, so it is gentle enough to use after every single workout."	**The Payoff: Glass Skin Glow** **No Filter. No Makeup.**
23-30s	**The CTA:** Relaxed frame in clean clothes. Holding the bottle.	"If you want this level of glow after every workout, you need to switch. Comment GLOW and I will DM you the direct link to get started."	**Comment GLOW for the link** **Get Glass Skin On The Go**

3. Creator Checklist (Non-Negotiable)

- **The Glow Reveal:** The shot from 17-23s is the most important part of the video. It must be shot in bright, natural morning or afternoon light to prove the "Glow" is real.
- **No Filters:** Any use of beauty or smoothing filters will void the performance aspect of the video. The skin texture must look real and hydrated.
- **Audio Texture:** Keep the breathless, "just finished my set" audio for the hook. It adds to the authenticity of the "Not Sponsored" energy.
- **Background Shifts:** Shift from the "Gritty" gym/sweat environment to a "Clean/Glowy" home environment to visually represent the product's effect.
- **Product Visibility:** The brand name and "Rice Face Wash" text on the bottle must be crystal clear during the reveal.

- The Niacinamide and Rice Water combo is the only reason my skin looks this glowy even after a heavy session.
